Marc LaVoie, PE

Vice President
Operations

As Vice President of Operations for PMRG’s Eastern Division, Marc LaVoie is responsible for managing the engineering team for the daily operations of 9 million square feet of R&D, office and industrial warehouse facilities.

Mr. LaVoie brings more than 18 years of industry experience in engineering, development, construction management, operations, and property management. He and his team work closely with ownership and tenants to provide repairs and maintenance, energy management, preventive maintenance, and life safety testing. He is also responsible for managing redevelopment projects throughout the portfolio ranging from complete building renovations to building system upgrades, architectural improvements, site improvements and reconfiguring buildings from single tenant to multi-tenant occupancy.

Prior to joining PMRG, Mr. LaVoie was a project manager with W/S Development Associates, one of the largest private retail developers in the country. Working with consultants and town officials, he was responsible for all regulatory permitting and entitlements, pre-development, due diligence, planning, budgeting, and scheduling, for renovations and new developments of large commercial properties.

Mr. LaVoie also worked as a project manager for Carter & Burgess, a full service engineering and architecture design and construction management firm, where he was responsible for permitting and engineering commercial developments.

Mr. LaVoie is a graduate of Northeastern University and a licensed professional civil engineer in the Commonwealth of Massachusetts. He is a member of the National Association of Industrial and Office Parks (NAIOP), Building Owners and Managers Association (BOMA).
