

Executive Profile

Peter Phillips

Senior Vice President Development & Construction Services

Peter Phillips assumes the position of Senior Vice President, Development and Construction Services and will oversee the execution of PMRG's healthcare initiatives in the acute/sub-acute hospital sectors, medical office and outpatient facilities.

Previously, Mr. Phillips served as Vice President and Director of Construction Management for eight years at HealthCap and its predecessor entity.

During Mr. Phillips prior tenure, he has successfully managed the delivery of 24 healthcare developments, in 12 states, consisting of over one million square feet with collective budgets in excess of \$300 million. These projects include general acute care hospitals, inpatient rehabilitation hospitals, skilled nursing facilities, long term acute care hospitals, ambulatory surgery centers, medical office buildings, and assisted living and memory care communities.

Mr. Phillips holds a Master of Finance and a Bachelor of Engineering (Civil) from the University of New South Wales, Australia.
